EQUIPMENT & MATERIALS

CO9-300 Ribbon Calender

Product configuration and technical specifications.

TECHNICAL SPECIFICATIONS

Working width	300 mm
Label lanes	Up to 6
Speed	5-28 m/min
Linear pressure	300 N/cm
Roller diameter	280 mm (upper heating roller)
Roller gap	0-1 mm
Temperature	Up to 220 C
Machine dimensions	4,980 x 2,370 x 2,420 mm
Power supply	3-phase 380 V, 50 Hz

CONFIGURATION

Variable frequency control / Heat-transfer oil heating

Working output depends on material and configuration. Confirm the final specification with Yishuo.
