EQUIPMENT & MATERIALS

FD109 Shoelace Waxing and Polishing Machine

Product configuration and technical specifications.

TECHNICAL SPECIFICATIONS

Speed	6-10 m/min
Heater power	2.4 kW
Power supply	3-phase 380 V, 50 Hz
Machine dimensions	2,510 x 850 x 1,785 mm
Brush rollers	3
Fan groups	4

CONFIGURATION

Automatic temperature control / Variable frequency control

Working output depends on material and configuration. Confirm the final specification with Yishuo.
