EQUIPMENT & MATERIALS

Heat Wire Belt Cutting Machine

Product configuration and technical specifications.

TECHNICAL SPECIFICATIONS

Cutting length	1-9,999 mm
Cutting width	Up to 80 mm
Cutting speed	80-110 pieces/min
Power	0.47 kW
Net weight	23 kg
Machine dimensions	560 x 415 x 400 mm
Power supply	220 V, 50 Hz

CONFIGURATION

Touchscreen operation / Electronic length counter / Automatic stop

Working output depends on material and configuration. Confirm the final specification with Yishuo.
