EQUIPMENT & MATERIALS

JH-2500 Single-station Vacuum Laminator

Product configuration and technical specifications.

TECHNICAL SPECIFICATIONS

Forming area	2,500 x 1,250 mm
Forming height	60 mm
Power	19 kW
Machine dimensions	5,800 x 1,600 x 1,400 mm
Net weight	1,000 kg

CONFIGURATION

Vacuum film application / Automatic temperature control

Working output depends on material and configuration. Confirm the final specification with Yishuo.
