EQUIPMENT & MATERIALS

YST-P212 BOPP Tape Coating Machine

Product configuration and technical specifications.

TECHNICAL SPECIFICATIONS

Coating width	1300 mm
Coating speed	0-40 m/min
Power	20-90 kW
Fan power	3 x 2.2 kW
Drying oven length	10 m
Machine dimensions	12,000 x 2,500 x 3,500 mm

CONFIGURATION

Comma scraper coating / Hot air circulation drying

Working output depends on material and configuration. Confirm the final specification with Yishuo.
