EQUIPMENT & MATERIALS

YST-P217 BOPP Tape Coating Machine

Product configuration and technical specifications.

TECHNICAL SPECIFICATIONS

Coating width	500 mm
Coating speed	0-30 m/min
Power	18 kW
Fan power	2 x 1.5 kW
Drying oven length	5.8 m
Machine dimensions	8,000 x 2,000 x 2,800 mm

CONFIGURATION

Comma scraper coating / Hot air circulation drying

Working output depends on material and configuration. Confirm the final specification with Yishuo.
