EQUIPMENT & MATERIALS

YST-P224 Tape Rewinding Machine

Product configuration and technical specifications.

TECHNICAL SPECIFICATIONS

Working width	1,300 mm
Unwinding diameter	800 mm
Rewinding diameter	300 mm
Paper core diameter	32-76 mm
Speed	0-120 m/min
Main motor	4 kW

CONFIGURATION

Magnetic powder brake control

Working output depends on material and configuration. Confirm the final specification with Yishuo.
