EQUIPMENT & MATERIALS

YZX-210 BOPP Tape Slitting Machine

Product configuration and technical specifications.

TECHNICAL SPECIFICATIONS

Working width	1,300 mm
Unwinding diameter	600 mm
Rewinding diameter	200 mm
Minimum slitting width	12 mm
Paper core diameter	3 inches
Speed	0-180 m/min
Net weight	1,500 kg
Power supply	3-phase 380 V, 50 Hz

Working output depends on material and configuration. Confirm the final specification with Yishuo.
